7. (Confidential - PLC) The request of Mr. Tammen, Staff Consultant to the Environmental Committee of Members of Congress for Peace Through Law, for a visit of NPIC by Representative Gilbert Gude (R., Md.) to determine possible application of technology to control the environment was discussed with [ ] and Mr. Edward Proctor. [ ] felt there might be benefits from the visit, but he felt there would be problems in securing necessary approvals. Mr. Proctor did not approve, due to the absence of a clear purpose, the limited access to NPIC and clearance problems. I informed Tammen that his request would involve considerable coordination and I was discouraging as to its approval. He accepted but left open the possibility he might formalize his request through "his boss" and might gain access to NPIC through other channels.

8. (Unclassified - RCR) In response to a call from Carolyn Ely, in the office of Senator John G. Tower (R., Texas), sent application forms and brochures to be forwarded to a constituent.

9. (Unclassified - RCR) Mr. Holt, in the office of Representative Samuel S. Stratton (D., N. Y.), called regarding a constituent, [ ] who had written the Representative advising that he had contacted the CIA for employment. Mr. Stratton is very interested in the constituent and wanted to know if his application could be given priority. After checking with [ ] OP, I advised Mr. Holt that the Agency had no record of [ ]'s application request, but that I would be glad to forward application forms and brochures to him. Mr. Holt said this would be fine and asked that we keep the Representative advised of [ ] application. [ ] will send out the application package and OP will handle the matter of keeping Mr. Stratton advised.
